- Children **MUST** be closely monitored by parents if they are involved in group threads - our behaviour and anti bullying policies do make reference to incidents that take place out of school where school relationships are the common denominator

- Sports Premium funding strategy, we try and promote healthy lifestyles in and out of school.
- Bill Bingham (Waverley 365) runs trials, clubs, supports house events and sessions on **Fridays**
- 'Activ8' sessions with groups of children from each year take place on Friday afternoons
- Sessions are designed to increase coordination, endurance, develop motor skills, raise self-esteem and wellbeing through physical activity.
- If you do not want your child to be a part of these sessions then please let your teacher know
- Mainly aimed at those children who may feel negative towards physical activity

# E-Safety - what we do in school

- Each year group has an E-Safety unit in Computing at the start of the year.
- Take part in Safer Internet Day every February with a different focus each year.
- Each class creates an E-Safety charter to encourage children to be safe online.
- Regular chats about being safe online during circle times
- Encourage open communication with children to speak up without judgement.
- Children are supervised when using technology in school. Adults alerted if children search content that is blocked by our monitoring system (Surf Protect).
- E-Safety policy in place which includes online safety.
- Mental health support given to those who need to help tackle issues and build self confidence.

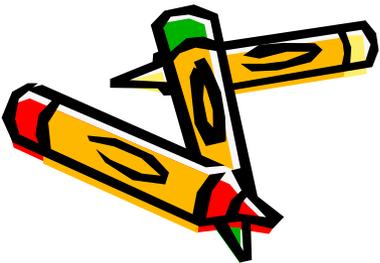

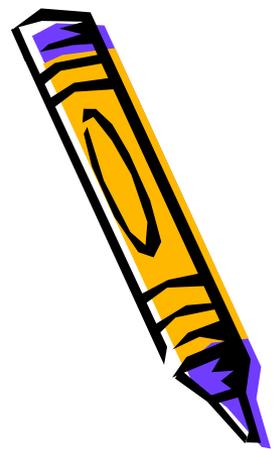

# E-Safety: How you can help

- Ensure you have sufficient systems in place. Ask your class teacher or our HSLW if you need support with this.
- Encourage open communication without judgement about what children are doing online and agree family rules around technology.
- Ensure children are supervised when using technology, particularly phones. Children **must** be closely monitored by parents if they are involved in group threads. Our behaviour and anti-bullying policies do make reference to incidents that take place out of school where school relationships are the common denominator.
- Be a good role model - consider what you are doing with technology.
- **Consider if your child needs a mobile phone and, if so, if it needs to be a smart phone.**
- **We actively discourage phones in school.**
- Be aware of age restrictions - <https://www.commonsensemedia.org/>
